Dear Gentlemen:

The Final Major Modification to the Operable Unit 1 (OU 1) Corrective Action Decision/Record of Decision (CAD/ROD) dated January 2001 stated that the OU 1 Collection Well would be operated for one year after signing the final modification. Based upon recent analytical data (see enclosure) that demonstrates that groundwater concentrations remain below Tier I Action Levels as defined in the Rocky Flats Cleanup Agreement (RFCA), beginning in April 2002 water from the Collection Well will no longer be collected. The analytical results for 2001 have remained below Tier I Action Levels and support the historical downward trend. Also per the modified CAD/ROD, monitoring of the Collection Well will continue in order to verify that levels stay below RFCA Tier I Action Levels. If you have any questions, please contact me at (303) 966-9692.

Sincerely,

Russell McCallister
